GILMORE STEEL STILL ON TOP OF LEAGUE PLAY

LEAGUE LEADERS WIN TWO GAMES, LOSE NON-LEAGUE TILT

By: Eugene Pashote

NEWARK — The scores of the Washington Township Softball League last week were as follows: On Monday evening, the Knights of Pythias lost their sixth straight game to the Woodmen of the World by a score of 8 to 1 in the first game; while in the second game, the Native Sons defeated Kraftile by a score of 9 to 2.

On Tuesday evening, Gilmore Steel won their sixth straight game by defeating the Knights of Columbus 7 to 3 in the first game. The Wedgewoods of Newark shutout the County Employes' Association in the second game by a score of 4 to 0.

Wednesday evening, Kraftile defeated the Woodmen of the World 7 to 2 in the first game; while in the second game the Native Sons handed the Knights of Pythias their seventh straight loss in the league. No games were played on Thursday evening, as the softball field was used for parking for those who attended the graduation exercises in the high school stadium.

Friday evening Wedgewood defeated the Westvacos in the first game by a score of 6 to 5, though this game was forfeited to the Westvaco team as the Wedgewoods didn't have ten players on the field. In the second game, Gilmore Steel of Niles won their seventh straight game in the league by defeating the County Employes' Association by a score of 7 to 3.

Saturday evening two non-league games were played, the first between Gilmore Steel and the Knights of Columbus, and incidentally why wasn't this a league game, as the Knights of Columbus defeated the Gilmore boys by a score of 7 to 6.

The second game, which was the main attraction of the evening and drew about 350 paid admission softball fans, was played between the Alameda Girls' World Sotfball Champions and Kraftile of Niles, and believe it or not, the women defeated the men by a score of 5 to 4. This girls team has won the tournament held in Chicago for the past two years.

WELDING WORKS OPENS AT NILES

Harry Wnters, formerly with the Pacific States Steel company, who operated a welding works at Irvington, has moved this week into the former Niles Machine shop building opposite the postoffice and is now open for business.

Winters does electric and oxy-acetylene welding, and specializes in agricultural repair work as well as industrial. He guarantees his work.

Winters welded the set of chases now being used to produce the six column Township Register. They were sawed and framed by H. R. Mau who operates the Centerville Machine shop.

Rudy Seehuber, 44, of Box 457, Niles, pleaded guilty to driving while drunk and paid a fine of $75 at the Centerville Justice Court on Friday June 7. He was alleged to have been driving recklessly in Niles Canyon.

NEW OUTGOING MAIL

For the convenience of Niles businessmen who desire to answer their morning mail at once an extra despatch of outgoing mail began Tuesday from the Niles-postoffice. Outgoing mail posted here before 11 a.m. will catch train No. 231, Postmaster E. E. Enos announces. This new service gives Niles and vicinity six outgoing mails each week-day.

HELLWIG PLANS TO RUN AGAIN FOR SUPERVISOR

Supervisor George P. Hellwig was born and raised in the First Supervisorial District and is intimately acquainted with its needs and requirements. George P. Hellwig has been a member of the Board of Supervisors since the death of Supervisor Ralph Richmond, and it has been his earnest endeavor during that time to represent his District to the best advantage of the taxpayers therein.

GEORGE P. HELLWIG

Supervisor Hellwig is now seeking reelection to the office which he has so ably filled during the last four years and is pleased to announce the many civic, business and professional men who endorse his candidacy, as follows:

John H. Ralph, Alvarado merchant; J. T. Blacow, Centerville banker; J. L. Olson, Decoto merchant; Antonio A. Amaral, Decoto blacksmith; F. B. Hartman, Decoto superintendent; R. A. Blacow, Niles banker; M. D. Silva, Newark merchant; James J. Collins, Newark merchant;

H. B. White, Centerville banker; F. Madruga, Centerville garage and machine shop; Joseph S. Brown, Warm Springs merchant; Cyrus Solon, Mission San Jose service station; G. S. Holeman, M.D., Centerville physician and surgeon; Harvey Braun, Niles railroad agent; M. J. Whitfield, Mission San Jose superintendent; E. M. Grimmer, M.D., Irvington physician and surgeon; C. M. Christensen, Irvington banker; Chas. Gillespie, Newark bookkeeper; Romeo Brunelli, Niles dealer; Allan E. Walton, Centerville druggist.

VACATION BIBLE SCHOOL UNDER WAY

CENTERVILLE — A vacation Bible School opened this week at the Centerville Presbyterian Church under the leadership of Arthur Kirk and Henry Adams, student pastors of the Presbyterian Churches of Washington Township. The classes run daily from 9 to 11:30 through June 28. Children between the ages of 4 and 17 are invited to attend.

Those assisting with the school are Mrs Arthur Kirk, Mrs Henry Adams, Mrs Ralph Logan, Mrs Elmer Ferry, Ms Franklin Brown, Reverend R. C. Day of the Niles Congregational church and others. Games, crafts, songs and study hours are offered.

Hollywood Park Fans

Frequent visitors to the beautiful Turf Club at Hollywood Park are Sonja Henie and Dan Topping, millionaire sportsman. Miss Henie wears a tailored white gabardine suit and a high draped turban for the races. Note her unusual pin, seven diamond charms suspended on a diamond bar. The summer racing season at the Inglewood plant is well attended by the nation's celebrities.

Canneries Paying $70 to $80 Per Ton For Fresh Apricots

Such apricots as managed to reach maturity in Central California orchards are bringing three times or more this season than they did last year, according to M. J. O'Brien, manager of the big F. E. Booth Canning plant at Centerville. Canners are paying from $70 to $80 per ton for the fresh fruit, he says.

Only three houses in this district are reported working on apricots this season: the Hunt Brothers house at Hayward, the Joseph Pearce Canning company at Decoto, and Schuckl's plant at Sunnyvale.

The Booth plant at Centerville did not open on apricots this year, as the crop was too short. Schuckls at Sunnyvale are working now on the early season apricots from Vacaville and vicinity, which enjoys warmer weather than we have in Washington Township, thus ripening the fruit earlier.

The Schuckl house at Niles is idle, except for a few men rehooping barrels being used for barreling cherries from Oregon.

Some Royal Anne cherry growers received as high as 7 and 8 cents per pound direct from retail stores, O'Brien states. The cherry crop is as short as the cots, both due to wet ground this spring, which practically destroyed the normal set of fruit.

Driving through the Township one does see occasional fair to good crps of cots and cherries ripening on the trees.

The Pearce plant at Decoto is busy canning cots from the Merced and Modesto district, the former enjoyed an 80 percent of normal crop, the latter a 30 percent crop, the cannery paying $70 per ton, and better, according to information received by this newspaper.

Sacramento and Santa Clara Valley fruit is bringing $75 per ton. Local cots will not be ready until about July 5 and show a 15-to-25 percent of normal set, according to the Joseph Pearce Canning company.

BEST TALENT TO BE SELECTED WEDNESDAY AT NILES THEATRE

Next Wednesday evening local playgoers who attend the Niles Theatre will have an opportunity to select from Washington Township's talented young people, the act which will represent the Township at the Alameda County Fair July 24 to 28 at Pleasanton, Manager "Bill" Helm announces.

The sending of an act to represent this Township at the forthcoming fair is sponsored by the Niles Junior Chamber of Commerce. Prizes will be awarded at the fair to the winners of competitive entries.

At the Niles Theatre next Wednesday evening at 8:45 o'clock the audience, by their applause, may indicate their choice of the several acts offered, based on talent and ability, rather than friendship, Helm says.

COUNTY FAIR GROUNDS BEING IMPROVED NOW

PLEASANTON — Preparing for the five-day county fair to be held here the last week in July, the Alameda County Fair association today started expending approximately $30,000 in improvements on the historic old Pleasanton racetrack grounds.

Tractors and workmen this morning commenced rebuilding of the roadways within the fairgrounds' enclosure, repainting of all exhibit buildings and more than 350 horse stalls, reconditoning of the old race track that has sent so many stake champions to the racing wars, and landscaping of the grounds.

Next week, probably with formal exercises marking the ground breaking, construction work will begin on a new $20,000 grandstand. The grandstand will be completed in time for the fair, scheduled for July 24 to 28.

The State Horse Racing board already has approved a daily program of seven running races with parimutuel betting. The veteran Eddie Thomas, best known race starter on the Pacific Coast, will be in charge of the starting gate during the fair racing program.

With a premium list totalling $6,000, agricultural, livestock, poultry, floracultural and other exhibits at the Alameda county fair are expected to be the largest and most colorful ever seen at a Northern California county fair.

ington Township Country Club, Berkeley Buckingham, director told the appreciative audience a meeting would be held Friday, June 28 at the Country Club to determine the probability of forming a Little Theatre Group in the Township.

In the cast were Gladys Calhoun, Elizabeth Lindsay, Warren Jones, Winifred Bendel, Niels Nielson, Florence Myrick, Patricia Duffey, Jolly and Virginia Batcheller, Russel Ross, Laura Leask, Edward Enos and "Puppy" Batcheller, all of whom gave creditable performances, which were much enjoyed by the big audience.

WORKERS TO PICNIC

The Pacific States Steel company employees Local No. 591 will have a big day Sunday at Stonybrook Park up Niles Canyon. There will be a barbecue, races, fights, tugs-of-war and dancing to the musif of Larry Silva's orchestra. The public is invited.

GIRL CHAMPS DEFEAT MEN'S TEAM SATURDAY

The champion girls' softball team defeated the Kraftile boys with a score of 5 to 4 at a game played at the Washington Union High School field last Saturday night before a crowd of more than 500 spectators.

Irma Dutra, employee at Kraftile, was among those scoring and Kay Cole, formerly of Irvington, pitched the last two innings saving the day when she struck out one and pitched a first-base pop up as the boys threatened to tie the score.

The girls made three hits and two errors and the Kraftile 10 hits and five errors. Ruby Johnson was the batting star, hitting a three-bagger with the bases full and bringing in three runs. Emily Amaral drove in two runs.

The game was arranged as a return courtesy for aid rendered by the Kraftile company last year when the girls faced cancellation of their trip East where they won the national championship for the second time. When one of the sponsors drew out, the Kraftile employees came to the rescue.

The girls will again be seen in action next Saturday evening on their home grounds in Alameda at Washington Park when they will meet the Seattle Brown Bomber's, girl champions of the state of Washington.

Another game is being planned for next month on the Washington High School grounds, although the opposing team is still unknown.

Berchem's Announce Grand Opening On Friday And Saturday

Berchems Quality Meat company, enterprising merchants at Niles, who have spent considerable money the past several months renovating and redecorating their store on Main street, and installing modern equipment, are ready to receive the public at their grand opening this Friday and Saturday.

Among the improvements which give their place of business a modern and attractive appearance are a new fibre-board ceiling, beneath which hang fluorescent lamps; two large streamlined refrigation counters, pure white and electric lighted; a new front and a new awning; a new motor for their refrigerating cases, and walls painted in pure white.

The firm does a large wholesale and retail business and stocks only the finest grades of meats. Their opening announcement and special prices on meats, fish and shellfish appears on the back page of this issue.

Niles businessmen extend congratulations to this progressive firm and trust their increased business will keep pace with their improved store facilites.

CHAMBER OBJECTS TO FAST DRIVING ON NILES STREETS

HIGHWAY PATROL ASKED TO SEND OFFICER HERE TO ENFORCE LAWS

The high rate of speed with which trucks and private cars enter and leave Niles from the Hayward end of town was brought up at the Monday luncheon meeting of the Niles Chamber of Commerce; also the fact many drivers go right through the stop sign near the subway on the California Nursery road.

Gravel trucks especially came up for censure because of the fast way they are driven through town and the unlawful way they cut corners.

Secretary A. J. Petsche was authorized to write the California Highway Patrol requesting that a motorcycle officer be assigned to Niles until these abuses can be checked, with the object of reducing accident hazards.

Upon suggestion of W. B. Kirk it was voted to have the hedges pruned near the firehouse.

Acting on suggestion of Lester Duffey the secretary was instructed to write county officials requesting that an unsurfaced portion of the California Nursery road be surfaced.

Fourteen members were present at the meeting. Next week's meeting will end the body's fiscal year. A large attendance is desired.

UNCLE SAM STEPS ON IT

It is a matter of satisfaction to every real American to see Congress and the Preident cutting corners and red tape. and making more safety laws in a day than they usually turn out in a month.

The army, just raised to 275,000 men was raised to 400,000 men on Monday without a dissenting vote in the house. The navy, just increased by 11 percent, is upped to 23 percent before the first act could become effective . . Tusday night now its 70 percent!

The President orders an immediate strength of 10,000 planes and 16,000 pilots for the navy and 7,000 planes for the army. (We have a little better than 5,000 good planes now.)

Enlistment for student pilot training is booming . . and ten percent of them are girls! And why not? Aren't college girls as smart as boys? (Usually smarter, in parentheses!'

A bill to bar transfer of any French or British possession in the new world from one non-American power to another passed the House unanimously. (This should make "Ben-dolph" pause to consider.)

The President calls for an all-Americas conference to require cash—not barter—trade from the dictators—and that will hit them where they live.

Brave Reynaud resigned Sunday because his cabinet would not accept Britain's proposal Saturday to unite in a Franco-British Union with a single government and unit control.—And where is Reynaud's cabinet now?

* * *

The British WILL fight on alone "to lift the blight of Hitlerism from the brow of mankind"—and her territorial possessions are with her.

Churchill's magnificent phrase will go down in history along with Pershing's classic "Lafayette, we are here" and the American rebels' short-of-powder order "Dont shoot til you see the whites of their eyes.'

Slogans turn the tides of empire as courage and valor win it!

Whether we like it or not: this is OUR war, your war and my war—and civilization and the forces of right will win wars.

* * *

We favor adequate preparedness for National Defense, and recommend enlistment in the United States Army for eligible young men.

GOOD OLD MONROE!

Former President James Monroe, who served this country from 1817 to 1825, formulated the doctrine which bears his name: that the Americas keep to the western hemisphere and other nations keep out.

With the fall of France the question of what becomes of her lands in the western hemisphere puts Uncle Sam in a position where his britches are liable to get torn.

The Monroe Doctrine is sort of an American Bill of Rights and will have to be upheld, regardless.

OBEY SPEED LIMIT AND STOP SIGNS!

Complaint was made at Monday's meeting of the Niles Chamber of Commerce regarding the high rates of speed cars and trucks, particularly gravel trucks, are driven through Niles.

Many drivers go right through the boulevard stop sign entering Niles from the California Nursery road, it was pointed out.

It is only a miracle that there have been no serious accidents in our town.

Private and commercial drivers will do well to drive under the lawful limits of twenty miles on Niles' narrow and busy main street, and elsewhere through town where children play on the streets or ride their bicycles.

The Highway Patrol has been asked to send a motorcycle officer to Niles to enforce speed limits and observance of stop signs.

Drive safely and you will avoid trouble!

GOING TOO FAST!

World events are moving so rapidly now-a-days an editorial written Monday is as stale as last montth's pie before we can get it to press Thursday noons.

Surely "the bird of time is on the wing and the bird has but a little way to flutter"!

And while on the subject of Thursday noon presstime, might as well point out to local Township Register readers, contributors and patrons generally that it is next to impossible to find time to set into type any news matter or special request items brought into this office later than WEDNESDAY AFTERNOON.

With all hands working as hard as we can put we just do manage to make the mail late Thursday afternoon.

To insure publication of your news items, special subjects, want ads etc. pray bring them in EARLY in the week and then they will be sure to make the current week's edition.

We are glad to have your material—but only have one linotype, one operator and only so many hours in our working days—and Heaven knows, we work long enough! — Ye ed.

ENGLAND'S BLUNDERS

On Saturday the newspapers broadcast to the world (including the Germans) that England was rushing her home defense guards and materials to the south of France to make a last stand with the French . . which is exactly what Hitler wants . . .

Thus leaving the British Isles more vulnerable and more undefended than ever against the German invasion expected two weeks ago, before Adolph detoured his armies through Paris—as a divrsion, no doubt. (Now that Hitler has Paris one wonders what he is going to do with it? Probably use it as a military base in defiance of international law; but Hitler recognizes no law.)

England's gesture of aid is magnificent—but another tactical blunder. With Hitler in possession of the French seacoast opposite England you may be sure he is preparing for his cross-channel drive and invasion of England.

With English old men, women and school boys armed with hand grenades and "anything that will shoot" the Huns may look forward with lusty "glory" to a fresh slaughter of innocents.

England's blunder No. 1: reducing her home defense manpower and equipment just at this particular time;

Blunder No. 2: publicizing it.

Note that Hitler has NEvER told in advance what he was going to do: he does it first and lets the world catch up with it afterwards.

A Long Range Prediction

By JOHN ADAMS

On July 2, 1776, the delegates from the 13 colonies, meeting in Philadelphia, voted to separate from Britain. On that day, two days before the Declaration of Independence was signed, John Adams, later to become second President of the United States, wrote to his wife, Abigail:

"I am apt to believe that it (the day) will be celebrated by succeeding generations as the great anniversary festival. It ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty. It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illuminations from one end of this continent to the other. from this time forward evermore.

"You will think me transported with enthusiasm but I am not. I am well aware of the toil and blood and treasure that it will cost to defend these States. Yet through all the gloom I can see the rays of ravishing light and glory. I can see that the end is more than worth all the means; and that posterity will triumph in that day's transaction, even though we should rue it, which I trust in God we shall not."

Adams predicted pretty well the nature of the celebration, although he did think we would be celebrating the second of July instead of the Fourth.

Abigail Adams, who had the unique distinction of being the wife of one President and the mother of another. John Adams, second President, was her husband. John Quincy Adams, sixth President, was her son.

IT MAY BE UP TO U.S.

The defeat of France on Monday,—France the home of art, culture and beauty for centuries past—shocked the civilized world . . or what's left of it.

One wonders who and what can check and destroy this monster called nazi-ism. Perhaps Stalin will do something about it?

Or is it to fall to our lot, in the not too distant future, as the first and now the greatest of all democracies, to be put to this test?

Let us be thankful we have a man at the head of our government who has not been lulled to sleep by Hitler's lying "assurances" to this country.

All he wants is time to prepare his final and greatest onslaught.

And that's all we want, too: TIME to prepare to defend ourselves.

PERSONALLY SPEAKING

By: Your Editor.

HURRY?—Folks contemplatng buying new automobiles better buy them now. Rumor has it that some makers are going to quit manufacturing cars and turn to airplane engines. Report also goes that a 10 percent federal tax on new cars may become a reality soon—thus making a thousand dollar automobile cost $1100.—But dont take my word for it: ask your dealer.

— ww —

RUSSIA—Russia, still the nation of mystery in the present world upset is massing troops in Latvia against German's east border in Prussia.

Lots of ????? and speculations arise in observer's minds: is Stalin the super-dictator, going to stand idly by and see "Ben-dolph" gobble up everything they want? One does not think so. Is Stalin going to choose just this particular time when the German troops are as exhausted and scattered as the French, to stage an invasion or relatively undefended Germany's east border? Or is the massing of troops a "just in case" precaution?

Russian intervention at this juncture would surely give England a much-needed break. So far the nazis have had all the breaks.

— ww

FLY-AWAY!—This is Tuesday: the Axis peace terms are on their way to France, their nature still undisclosed. Meantime civilization laughs for joy to hear that French airplanes and ships are "disappearing", BEFORE the nazi demands are known! Pilots are flying planes south (probably to Africa) in droves, and units of the French navy, which Monday administered a beating to the Italian ships in the Mediterranean, are also "disappearing."

These acts should cheer and comfort England—and civilization generally, immeasurably.

Just what has Germany got to seize a Navy with? Belgian soldiers went right on fighting after their king quit them . . French colonies have their own governments—so let's go on with our work.

— ww —

DUMB—We Americans are sure innocent and trusting souls! Our engineers have developed a plastic wing-fabric for airplanes far superior to the light monel metal heretofore used. Not only cheaper, but resists blows, resists fire and can be applied to the wings in half the time formerly required to cover wings with the more expensve metal.

Instead of keeping this important new discovery strictly a military secret it is blathered all over the nation—actual pictures of the work!—in a newsreel.

Dont forget: Germany still maintains her accredited consuls throughout the United States and they wont be slow to tip off their undercover spies to steal the process to aid in manufacture of nazi planes.

Our government should exercise rigid control of military secrets just at this time.

— ww —

CHURCH — You hard-headed businessmen who, down in your hearts are wondering just what is behind all this modern world-upset should come to Church Sunday, any Sunday, and hear the ministers preach on burning questions of the day.,

Reverend Richard Day preaches powerful sermons every Sunday at the lovely Congregatinal church in Niles, and the congregation is shockingly small for a community this size.

Your editor came from a community of less than 500 persons: where we supported FOUR protestant churches, each with a larger Sunday attendance than the one protestant church has in Niles.

Come to church, men! Any church. Just at this time it might do your souls good.

Letter Box

Irvington, California

Mr. Waynflete:

In behalf of Mr O. W. Fisher, manager of the Alameda Girls Worlds Softball Champions and myself, we want to extend our sincere thanks to you for the cooperation given us in your last week's edition of The Township Register. I believe a record crowd witnessed the defeat of the Kraftile boys, and we know this was done because so many subscribers of The Register had been reading their local paper in its new dress.

On my way through small towns in northern California the last two weeks, I have taken the time to notice other papers published in towns about the size of our own. I have found that they could not begin to compare with our own Township Register in any respect.

Therefore as a correspondent, I would like you to know that I am proud to be able to work with you folks, and I am sure everyone in this locality feels just as I do.

Thanks to your effort and to the splendid way you are showing your interest in we the people of Washington Township.

"Your Irvington Correspondent"
AGNES RAYMOND

Dear Miss Raymond:

"We aim to please" — and it is gratifying to know our efforts and much hard work are appreciated. Thank you for your courteous letter!

SCHOOL TRUSTEE ELECTIONS MARKED BY LIGHT VOTING

Three contests and one write-in candidate marked the election for school trustees of Washington Township on Friday June 7, the vote being very light except in districts where contests were in progress.

Mrs Walter Robie, incumbent, of the Alvarado district, defeated the new candidate, Fred W. Joyce with a vote of 109 to 57. At Alviso, M. P. Rose, Jr., incumbent, lost to Frank Faria, Jr., with a vote of 67 to 24. At Decoto, where the incumbent, Harry Searles had retired, Byron Justus defeated J. P. Caldeira with a vote of 113 to 94.

At Centerville, Judge Allen G. Norris, incumbent, received 72 votes and Joseph R. Nunes had his name written in on five ballots. At Irvington where trustees had been appointed last fall when the Irvington and Mowrys' Landing districts combined, the three appointees were elected without opposition. John Oliveira received 34 votes, J. R. Silveria, 27 and Dr. E M Grimmer, 23.

Two incumbent trustees for Washington Union High School were elected without opposition, A. K. Logan receiving 529 votes and John Oliveira, 546.

Other incumbent trustees elected without opposition were Helen Reivere of Lincoln school, 10 votes; Ed Sarmento of Warm Springs, 15; E. J. Callahan of Mission San Jose, 5; F. A. Muller of Newark, 13 and Ben Murphy of Niles, 46.

NEWARK CLUB PLANS HOLIDAY OUTING

NEWARK — Two new members Lindblom Tedder and Millard Day were admitted to the Newark Sportsmens Club at their regular meeting held at Butlers Hotel on Tuesday evening. President H. C. Mikkelsen presided over the business session and the program consisted of movies on water sports, and fresh water fishing.

Advanced plans for the clubs picnic and outing at Farrar Park were made and the dates were set for July 4, 5, 6 and 7. This is an annual affair, the first one occurring over the July 4 holiday last year for the club members and wives, according to Andrew G. Stetz, publicity chairman. The next regular meeting is scheduled to take place on June 25 at Butlers Hotel.

CARE REQUIRED IN PACKING CHERRIES

SACRAMENTO—Many lugs of cherries deceptively packed have been removed from trade channels through enforcement of fruit and vegetable standardization laws the bureau of fruit and vegetable standardization reported today to State Director of Agriculture W. B. Parker.

Packing of cherries by placing smaller cherries under large, plump and attractive cherries has been corrected in a large number of cases through the efforts of county agricultural commissioners, their assistants and State Department of Agriculture officers.

In order to account for errors and difficulties in packing, the standardization law permits the cherries in the "fill" part of the container to average one row smaller than the cherries contained in the "face" of the container.

MASONIC HOME NEWS

By J. H. HEATH

Ten days ago President Marshall Dill's attention was called to the value of the services of the 350 members of the Masonic Home in coming to the aid of the Golden Gate International Exposition along the line of assisting himself and associates in publicizing the 1940 Treasure Island show.

Friday an express shipment arrived at the home of 800 handsome folders featuring the striking art picture of "Pacifica" plus a hundred of the growingly popular automobile windshield stickers. This week the committee of home members has effected the careful placement of all the folders including fifty for the paid employes outside the membership.

Most of the large posters have been placed in different parts of the several units comprising the home plant. The distribution of the windshield stickers is going forward.

In the first letter to President Dill his attention was called to the fact that membership of the home is derived frim a portion of the 580 Masonic lodges of the California jurisdiction, whose membership strength is approximately 127,000. All sections of the state are represented, and nearly every county. While quite a number are proud of the honor of being native sons and daughters of the Golden State the majority of the guests and paid employes are also proud of the various states in which they first saw the light.

Most of the residents keep in touch with their friends through correspondence and otherwse. The home's postoffice is at Decoto, a little over a mile distant, but a well organized auxilary mail service is maintained by the management, with two daily out-going mails and one incoming mail.

Last year, about this time, members in their letters to their relatives and friends were boosting for the 1939 exposition and at the same time urging visits to the home on the occasion of the convening of the grand lodge in San Francisco the second week of last October. This year the 1940 exposition will be only a memory when grand lodge meets. So all the greater reason for urging their folks to come to Treasure Island for the fair, and urging them to be sure and arrange a side-trip to the Decoto home.

Last year the Masonic Home Trustees arranged for financing transportation, admission to the exposition and many of its attractive features, to more than 200 of the members who were physically able to make the trip. And, of course, they are hoping for similar free excursions to this years wonderful exposition.

Outstanding entertainment features for the week ending Sunday were the annual visit of three of the Masonic lodges of the East Bay section—Oak Grove, Apollo and Woodstock, sponsored by the Alameda Masonic Officers Club, William Nankervis, Jr., senior deacon of Oak Grove lodge, president, and a visit from the Dorcas Society of the Hayward Presbyterian church, Mrs Helen Borree, president.

The Masonic Officers club brought the fine Alameda High School orchestra, Jack Kafka leader, Apollo lodge, well known by old time members of the home as the leader of the various orchestras of the school as the years have come and gone. In the splendid program of entertainment Saturday evening Director Kafka honored Isabore Franck, 93 years young, and the second oldest Master Mason member of the home, by asking him to lead one of Sousa's marches. It's an annual custom with Kafka in the visitations to the home, as an expression of the esteem in which he holds Franck, who, around 1905 was the leader of the Chute's theater orchestra in San Francisco when Kafka, at the age of 17, was one of the ten members playing first violin. After referring to this matter the leader presented the veteran violinist a box of choice cigars.

The Dorcas ladies presented Mrs Milton Dohner of Hayward, who with her husband recently returned from a six months trip around the world, equipped with a motion picture camera. Mrs Dohner gave an interesting talk on their travels in India, illustrated with 900 feet of film, requiring nearly an hour to present.

At the close many of the women of the home and a number of men accepted the pressing invitation of the club for a service of refreshments in the banquet hall.

HOSTESS HOUSE OPENS

The latest project of the women's board of the Exposition—that of providing a Hospitality Center for women visitors to the Fair—will find expression in the opening of Hostess House on Treasure Island w here the members of women's organizations as well as those having no club affiliations will find a restful spot in which to rest, relax and enjoy a cup of tea.

STATE EMPLOYMENT, INSURANCE PAYMENTS REVEAL INCREASES

HAYWARD — Unemployment insurance payments in California for May, 1940 totaled $6,087,145, an increase of 86 percent over the May, 1939 benefit distribution of $3,276,340 it was announced today by Walter Gamman, manager of the Hayward office of the state department of employment. Out-of-state claims accounted for $305-856, with 21,166 checks being written or five percent of the State total.

Individual claim checks numbered 449,062, a gain of 123,050 over the 326,012 distributed in May, 1939, the records indicated. Claimants in the Southern Alameda County area received $52,-158.

Corresponding increases in employment were reported by the department during May with 22,-244 California workers obtaining jobs through the Division of Employment agencies, an increase of nine percent over placements recorded in May, 1939, Gamman said.

FARM UNITS SHARE ACHIEVEMENT DAY PROGRAM AT NURSERY

One hundred and 50 members of 16 units of the Alameda County Farm Home Department held an out-door meeting at the Old Adobe at the California Nursery Company recently. A fashion show furnished the afternoon's program.

The meeting, arranged by Miss Florence Tennant, county farm home demonstration agent, included a business session of the county council presided over by Mrs Charles Sweet of Livermore, president. A talk on clothing budgets was made by Ethelwyn Dodson, clothing expert of the extension department of the University of California. She also acted as commentator for the fashion show.

Units represented were Alvarado Newark, Livermore, Pleasanton, Mountain House, Bay View, Independent, Castro Valley, Orchard, Valle Vista, San Lorenzo, Sunset, Mt. Eden, Hayward Highlands, Harder, Garden. Luncheon was served in the Old Adobe gardens, coffee being furnished by the nursery.

DECOTO GROUP REVIEWS BOOK ON SACRAMENTO

DECOTO—The Decoto Discussion Group met Friday, June 14 at the home of Mrs Elsa Walker for its regular monthly meeting. A salad course followed by sherbet and cake was served by the hostess, assisted by Cecilia Janeiro and Helen Brown. The program was in charge of Mrs Evelyn Joseph and took up the study of Sacramento, River of Gold by Julian Dana, as follows:

Indian Tribes of California, Leontine Costa; Foreign Explorers, Cecilia Janeiro; Gold, Ethel Avilla; Hydraulic Mining, Peggy Whipple; The Wheat Era, Helen Brown; The Purpose of the Book, Amy Brown; The River Series as planned by Constance Skinner, Dorothy Musick.

Mrs Joseph presented Mrs Clark with a book from the Discussion Group for Master Edward Clark her young son. Mrs Clark responded with a charming tribute to motherhood.

The proposed Little Theatre of Washington Township and its possible opportunities for Decoto were also discussed. Mrs Jessie Taylor and Mrs Sarah Plant of Saratoga and Miss Barmby, Alameda County Librarian, were guests.

The next meeting will be held Friday June 28, at the home of Mrs Amy Brown and will be a study of the Book of Esther from the Bible for its plot and general narrative excellence. Suggestions for next year's work will also be in order at that time.

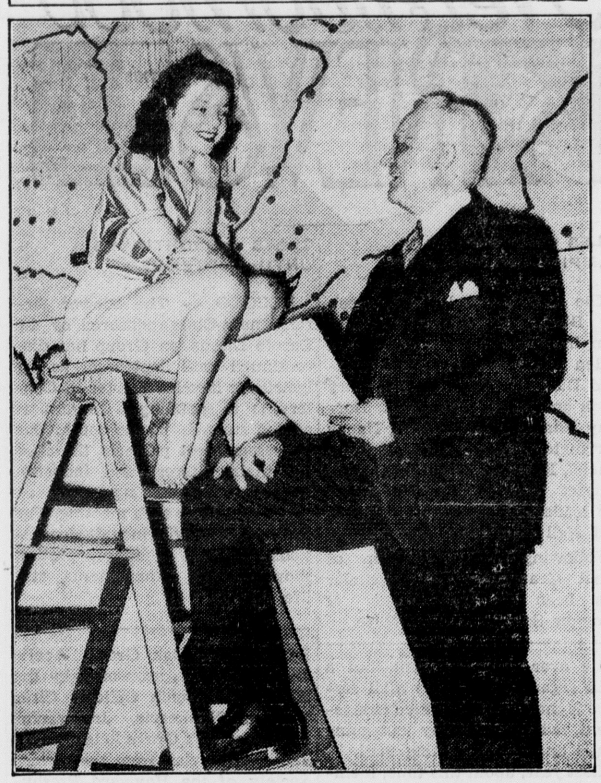
'40 Fair Wine Exhibit



California wine growers have a brand new and spectacular exhibit in the 1940 Golden Gate International Exposition. It is located this year in the Hall of Agriculture and is designed to dramatize wine's place in modern living. Here you see pretty Miss Ann Wiggins, dancer in Billy Rose's sensational "Aquacade," who dropped in for a visit and had the big mural wine country map explained to her by L. E. Bontz, member of the Agriculture Committee of the California Commission for the Exposition, who happened to be in the exhibit on a tour of inspection. The Agriculture Exhibit is sponsored by the California Commission.

ANNUAL SAINT JOHN'S FIESTA AT NEWARK NEXT SUNDAY

NEWARK — The annual fiesta commemorating the Feast of Saint John the Baptist, held for the benefit of Saint Edward's church is scheduled for next Sunday morning, June 23. This affair has proven very popular with the parishoners and friends of the Parish for several years. Mr A. E. Francis, chairman announces that immediately after mass, which will be celebrated at nine o'clock, many valuable articles will be disposed of on the church grounds. All members of the Parish will cooperate as usual and an invitation is extended to all to participate.

Assisting Mr Francis will be the committee of past years consisting of Harry Weber, Walter Steinmetz, M. F. Perry, Anthony Perry, M. D. Silva, Pete Freitas, John F. Silva, John Nunes, Frank Maciel, John Pope, Fred Reider, Joseph L. Dias, John Freitas, James Collins, Edward Kettman, Joseph Guardanapo and Julius Martin.

In connection with the Fiesta a dance will be held at Swiss Park on Saturday evening, June 29, to which all are invited with A. E. Francis chairman of the dance. This dance is being given by the Holy Name Society of the Saint Edwards Catholic Church. Union music will be furnished.

SUNDAY SCHOOL PICNIC

The Sunday School of the Irvington Community Church enjoyed a picnic at Linda Vista Park on Tuesday of this week, which celebrated the close of the "Mobilizing for Christ Crusade" in the Sunday School. It was known as a "bean-feed picnic," for points in the contest of the crusade were tallied with beans placed in bottles. Points, or beans, were awarded for attendance punctuality having Bible and lesson prepared, and bringing new pupils and attendance at Church and C. E. The class with the largest number of beans won the contest, it being the Young People's class taught by Mr Kirk. It was recognized at the picnic by having ice cream with its pie for desert, whereas the other classes were allowed only pie without the ice cream. The members of the winning class were Barbara and Eugene Williams, Elden and Bud Mohn, Ebba Rae Benbow, Ted Hightower, Howard and Rowan Henry, and Ralph Hollums.

The Sunday School meets each Sunday at 10:00 and all ages are invited to attend.

Christian Science Churches

"The Lord is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower." These words from Psalms comprised the Golden Text used Sunday, June 16, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon was "God the Preserver of Man." Included among the Scriptural selections was: "When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee: when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee . . Fear not: for I am with thee: I will bring thy seed from the east, and gather thee from the west; . . I, even I, am the Lord; and beside me there is no saviour" (Isaiah 43: 2, 5, 11).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included: "As the children of Israel were guided triumphantly through the Red Sea, the dark ebbing and flowing tides of human fear,—as they were led through the wilderness, walking wearily through the great desert of human hopes, and anticipating the promised joy.—so shall the spiritual idea guide all right desires in their passage from sense to Soul, from a material sense of existence to the spiritual, up to the glory prepared for them who love God" (p. 566).

MORE CARS THAN PHONES IN U. S. DECOTO MAN SAYS

The astounding fact that there are more automobiles than telephones in this amazing country of ours, is a surprising indication of what a tremendous factor the motor car has become in modern living.

"When you stop to think that one office building alone may have hundreds of telephones," Clarence Crane Niles De Soto-Plymouth dealer said, "you get a clearer picture of the number of cars on our streets and highways today.

"It was with this fact in mind that De Soto's highly skilled engineers worked to present the motorist a car that would respond to his every touch in emergencies, and that would enable him to have the comfort demanded by the many hours spent in his automobile. De Soto engineers, ever alert to the needs of the public they serve, have designed and built a car far superior to any models ever made in years gone by," Mr Crane declared.

ARMY NEEDS MORE RADIO OPERATORS

SAN FRANCISCO—In addition to vacancies in the Infantry, Field Artillery, Quartermaster Corps, Engineers and Signal Corps, authority was received today by Colonel G. T. Perkins, District Recruiting Officer for the San Francisco Recruiting District, to enlist seven radio operators for assignment to the 1st Signal Service Co., which has its headquarters in the Federal Office building, Seattle, Washington.

Of particular interest is the fact that this is the only military assignment now open for which married men are eligible. Also, due to special commutation of rations and quarters allowances, the compensation for service in this organization is much higher than in most other Army units. For example, the monthly pay and allowances in Alaska range from a minimum of $114 for a private, to $250 for a master sergeant with twenty years service.

Full information regarding enlistment in this organization may be obtained by writing Colonel Perkins at Room 32 Federal Office building, San Francisco.

HEARD AT A RECENT DINNER FOR NOTABLES

Morris Penter, publisher of the Oakland Post Enquirer told how two mayors of Northern California cities strolled into a cocktail lounge to have —er—a glass of mineral water and of observing a bibulous gentleman drinking champagne cocktails.

"Look at that fellow," exploded one of the mayors. "He's goofy. He drinks down those cocktails, takes a bite out of the glass and throws the stem up against the wall."

"Sure he's crazy," replied the other mayor. "The stems are the best part."

Mr and Mrs Joe Champion of Niles met Mr and Mrs V. C. Wycoff and son at the Oakland airport. The Wycoffs have just returned from a two weeks' trip by air to Appleton, Wisconsin.

SCHOOL ENROLLMENTS REVEAL DOWNWARD TREND SINCE 1928

There were 324 children in average daily attendance reported for the Niles elementary school district last year, 1938-39, while in 1931-32 there were 329 children in average attendance, according to state apportionment reports, says California Taxpayers' association.

The average daily attendance figures of the district reflect the downward trend of public school enrollments in California public schools have declined almost steadily since the peak first grade enrollment of 142,385 in 1927-28—when the large post war crop of babies born in 1921 entered the first grade, the association said.

This large class of children, as they progressed through the school system has swelled total day school enrollments throughout the decade just completed and in 1938-39 made up the largest twelfth grade enrollment, 68,937, in the history of the state. However, despite the large increases in population in the state which have occurred, enrollments in the first grade have declined until in 1938-39 there were only 112,021 children enrolled in the first grade—30,000 fewer children than there were in 1927-28.

Staff Sergeant James Cull, Corporal Herbert Carr, and Private Frank Mellow, Jr., are on active duty for fifteen days with Marine Squadron 8, Operations Base at the Oakland Airport.

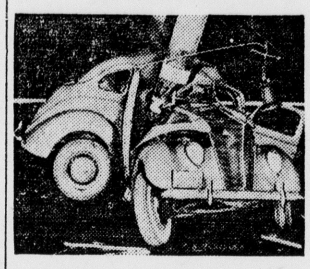
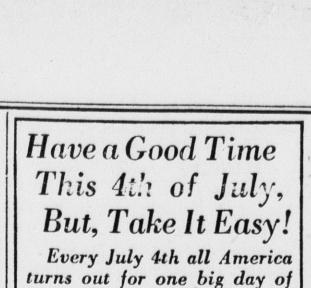
Have a Good Time This 4th of July, But, Take It Easy!

Every July 4th all America turns out for one big day of fun. This celebration is, of course, "fitting and proper," but always present is the specter of accident and tragedy. Here are some of the main reasons accidents occur in such large numbers and a hint or two on how to avoid them:

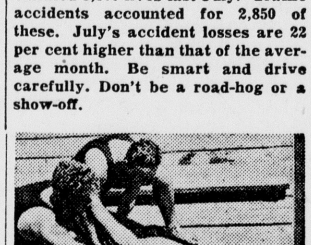


According to the National Safety Council, accidents of all types claimed 8,800 lives last July. Traffic accidents accounted for 2,850 of these. July's accident losses are 22 per cent higher than that of the average month. Be smart and drive carefully. Don't be a road-hog or a show-off.



Public accidents, other than motor vehicles, reach their year's peak in July. This classification includes drownings and one-fifth of all drownings occur in this month. Most of these happen at beaches where there is no supervision.

Fireworks add greatly to July's high accident rate. Despite widespread legislation against this common cause of blindness and infection many small children continue to hold private fireworks displays, with disastrous results.



Careless campers like the one above, just ready to toss a lighted cigarette to the winds, are responsible for many costly fires on the nation's big holiday. Be careful and thoughtful this Fourth.

That "natural-tan" we all envy, and some of us try to obtain in a single day's exposure to the sun on the Fourth, can be a dangerous thing. Not only is sunburn painful but there is the ever-present danger of heat prostration.

James Batcheler of Corvallis, Oregon is visiting at the home of his son Jolly Batcheler this week.

BOY SCOUT CAMPS OPEN IN SIERRA FOR THREE SESSIONS

Boy Scouts in the Oakland Area Council have a full program of summer activities to look forward to with the closing of the school year, announced Howard D. Ainsworth, chairman of the camping and activities committee of the local organization. Camp Dimond opened the 1940 season on Sunday, June 16 when more than 200 campers checked in for a seven day session under the leadership of Johnny Ackermann, camp director.

Camp Dimond-O, the high Sierra camp, located near Mather in the Stanislaus National Forest will open for three sessions, begining on June 28, under the direction of W. T. Lindsay, camp director. The high mountain camp is one of the finest camps in the country, with a program that every Scout will enjoy, stated Homer J. Bemiss, scout executive.

Scout Troops conducting their own camp will have the opportunity of using Camp Dimond-T which is adjacent to the Dimond-O Camp. Groups located in this area will have use of the first aid station and the regular swimming pool, Bemiss said. More Troops plan to use this camp site in 1940 than in any previous year, it was learned today.

Following the close of the week program at Camp Dimond, the camp in the Oakland foothills will be open to Scouts without charge for the remainder of the summer vacation. Scouts will do their own cooking and a staff will be on hand to help plan the daily program. The camp will be under the direction of Bruce Johnston. The craft shop program will be headed by Bob Sperr and the swimming pool will be the charge of Herb Reichhold.

Swimming has been scheduled for each day at 10:30 a.m. and 2:00 pm. Night swims will be held when the weather permits. Cubs are invited to swim at Camp Dimond each Tuesday afternoon from 2:00 to 4:00 p.m. The Cubs must be in charge of a Cubber or Den Mother when they come to the Scout Camp, Chet Weaver, cub-commissioner announced.

The public is invited to attend a mammoth campfire program in the amphitheatre at Camp Dimond on Friday night, June 21 and a court of honor ceremony at the closing of the camp on Sunday, June 23.

FAIR INAUGURATES FREE GARDEN TOURS ON TREASURE ISLAND

Weekly free garden tours for flower lovers visiting the California State and Counties area on Treasure Island will be instituted next Tuesday morning. The tours will leave from the California Building at 10:30 a.m. on that date and each Tuesday thereafter, it was announced by Earl B. Ingrim, landscape architect for the California Commission for the exposition, who will conduct the tours.

The hundreds of flowers and plants in the State-Counties area will be explained by Ingrim in person. The problems in growing the flowers, the proper soil, fertilization and culture will be told the garden tourists. The magnificent floral beds in the California area have won wide comment from flower lovers who have visited them.
